### Professional Experience

- 2015–Present Freelance Artist

-I design, develop, and deliver art pieces to clients according to specifications. I have the ability to produce a piece in a variety of different ways using many different materials.

2017-2018 Laundry Worker at Lancaster General Hospital

-Folded clothes both by hand and by also operating machinery. It is a fast paced environment with a high demand. I also answered phone calls from other departments and took their orders. Responsibilities also include delivering those orders and accommodating any last minute orders.

2018-2019 Dress Specialist at David's Bridal

-I was responsible for providing outstanding customer service and driving sales in the dress department. I am an expert in bridal and formal dresses, and serve as a matchmaker, helping them find the perfect dress and then confidently completing their look with lingerie, shoes, and accessories.

2019-2020 Sales Advisor at Club Demonstration Services

- As a Sales Advisor I am responsible for coming in and efficiently setting up my demonstration booth for whatever product that has been assigned to me that day. Day to day I am given a new set of instructions on how to prepare and promote the product that I am demonstrating that I must learn quickly. This can range from food products, vitamins, clothing, or even tools and appliances.

2019 Internship with Stacy Levy

- Over the summer, I stayed with and studied under environmental artist Stacy Levy. I learned practical art skills related to her practice as well as learned about her administrative duties. Under her direction, I would conduct research for her future projects and document important information she needed to further her work.
