2021-22 Dependent Verification Instructions

Background: Your FAFSA was selected for review in a process called “Verification.” When a FAFSA is selected for verification, PCA&D is required to compare your FAFSA with requested documents and the attached worksheet. Your financial aid cannot be processed until all requested information is received. This review must be conducted under the financial aid program rules (34 CFR, Part 668). Any changes to your FAFSA made necessary by the verification process will be forwarded to federal processors by PCA&D. Failure to complete the verification process in a timely matter may result in the loss of financial aid eligibility.

Step 1: Documentation

- Refer to the enclosed letter to see if we are requesting IRS Tax Information for **yourself and/or** each parent included in the household. ***If we are not requesting IRS Tax information, skip to Step 2.***
- If we require IRS Tax Information you will see it listed as one of your required documents on the accompanying letter, showing as “not received”. If required, the preferred method to verify income is by using the IRS Data Retrieval Tool (IRS DRT) that is part of FAFSA on the Web at [FAFSA.gov](https://fafsa.gov) OR a 2019 IRS Tax Return Transcript(s) or a **signed** copy of the 2019 federal income tax return and applicable schedules.

1. IRS-DRT:

To re-submit the 2021-2022 FAFSA and select the IRS data retrieval option (IRS-DRT), log back into your FAFSA at www.fafsa.gov, you will be able to make corrections to your submitted FAFSA without having to start over. The data retrieval tool is available 2-3 weeks after filing taxes electronically on-line or 6-8 weeks after filing by hard copy. Once corrected using IRS-DRT, re-submit your FAFSA.

Or

2. If you/or parents are unable or choose not to use the IRS-DRT in FAFSA, and instead will provide a 2019 IRS Tax Return Transcript(s) or a **signed** copy of the 2019 Federal income tax return and applicable schedules (do not send state or local tax records).
