Hiring: Student tutors for the Writing Center

PCA&D is hiring student tutors for the College's Writing Center. Located in the Learning Commons, the Writing Center serves students by assisting with academic success strategies and writing support. The primary responsibilities of tutors are to assist students with their assignments and help them achieve their academic goals. Tutors provide individual and/or group tutoring to students across a broad range of subjects, focusing on written assignments. Tutors meet with students to clarify and review concepts taught in class, explain writing processes, and help students solve specific problems. The length and content of tutoring sessions is determined by a student's needs. Tutors work with colleagues and the Writing Center Director to support their own professional development and undergo training. Reach out to **Caitlin Downs** at cdowns@pcad.edu for more info.
