Professional Summary:

As an Illustration major with a Creative Writing minor, I am passionate about storytelling, character development, and bringing imaginative concepts to life through illustration and design. I thrive in collaborative environments and excel at translating ideas into compelling visuals, whether through digital or traditional media. I am eager to contribute my creativity, technical skills, and problem-solving abilities to projects that engage and inspire audiences.

Education:

Pennsylvania College of Art & Design - Lancaster, PA

Bachelor of Fine Arts - Expected Graduation: May 2026

Major: Illustration | **Minor:** Creative Writing

Relevant Coursework:

- **Creative Launch**– Students will work on branding their identity as an artist launching into the art field.
- **Senior IL Studio I** - Students will work on crafting their portfolio and working towards their identity in the art industry.
- **Senior IL Studio II** – Students will strengthen technical and conceptual skills in preparation for professional illustration
- **Narrative Drawing** – Students will explore methods of storytelling through sketching ideas, color, and storyboarding.

Key Skills:

- Proficient in traditional & digital illustration
- Strong storytelling and narrative development
- Creative character design & world-building
- Proficiency in Adobe Creative Suite, Procreate, & ZBrush
- Strong composition, color theory, and typography skills
- Excellent visual communication and collaboration

Professional Experience:

Touchstone Foundation

Internship - Coloring and Activity Book

September 2024 - January 2025

- Contributed original illustrations to a published mental health-themed coloring and activity book designed for teens and young adults.
- Collaborated with the Touchstone Foundation team to develop engaging artwork that promotes mental health awareness and coping strategies.
- Applied strong storytelling and visual communication skills to create impactful and meaningful designs
