Scholastic Silver Key for Short Stories

Kain Hurst

Current Illustration Student - Bachelors in Fine Arts
Akron, Pennsylvania, United States

Summary

During grade school, I won a Scholastic Silver Key for a short story I submitted. That achievement launched my interest in artistic and literary careers. I was an honors student throughout middle school and high school. When I began high school, I started volunteering for the National Honors Society, which I continued until graduation.

My job experience includes Team Member at Giant, Target, and Joann Fabrics. At Christmas Tree Hill, I attended to display and stock, as well as janitorial duties. I held a lengthy position at Cinnabon as a Shift Leader, which I maintained for a little over a year. Most recently, I hold a position at Mission BBQ Lancaster as one of the top line cooks, as well as a Designated Trainer. I am approaching my second anniversary with the company.
